

Orcon Aerospace and Avio-Diepen Sign Exclusive Distribution Agreement

Orcon Aerospace and Avio-Diepen have signed a sales and distribution agreement for the complete range of Orcon Aerospace Products. *“This agreement is of strategic importance for both Orcon Aerospace and Avio-Diepen. The combination of Orcon’s extensive knowledge of aircraft insulation materials and products and Avio-Diepen’s widespread and highly evolved distribution network leads to a strategic partnership that offers both companies many opportunities to further develop existing markets and enter new ones”.* Said Vincent van Campen, President of Avio-Diepen.

Building on a relationship established in 1991, Avio-Diepen will now exclusively represent Orcon Aerospace in the United States, Canada, Europe, Middle East, Asia and Africa with a few exceptions.

“Our customers will be the beneficiaries of this agreement” said James W. Clyne, Jr., Orcon’s General Manager, International Sales. *“Instead of dealing with a manufacturer several time zones away, our customers can now have the services of a global distribution organization with regional facilities and support with online sales and delivery capabilities”.*

About Orcon Aerospace

Orcon Aerospace is a premier supplier of reinforced films, tapes, thermal/acoustic insulation components, and fabricated insulation systems for the aerospace, transportation, and industrial markets. Orcon has over 40 years experience in serving our customers in these markets.

As a vertically integrated manufacturer, Orcon Aerospace can supply the raw materials technology and products for insulation blanket manufacturers, partially completed blankets for the aftermarket, STC/PMA insulation blanket kits for MRO use, and finished blanket systems for OEM customers. In addition, Orcon has a dedicated engineering staff, materials development personnel and the latest flammability test facilities to assure compliance with new aircraft cabin fire regulations recently issued by the FAA.

About Avio-Diepen

Avio-Diepen specializes in stock management and spare parts distribution of factory new certified components to Airline, MRO and OEM customers throughout the world. Avio-Diepen helps customers reduce direct and indirect costs by reducing lead-times, consolidating suppliers, implementing Material Management Services initiatives, and offering PMA products & services. Avio-Diepen has offices and distribution centers near Amsterdam, London, Hong Kong, Beijing, Atlanta and Melbourne. Please visit www.avio-diepen.com to learn more about Avio-Diepen.
